Gentlemen

We have great pleasure in introducing BEE PEE Tours and Travels (BPTT), one of the leading and foremost manpower consultants in India with a proven track record, which is approved by the Ministry of Labour, Govt. of India authorised to deploy over 1000 workers in a calendar year, the rating considered as the highest in the industry.

Our Manpower Consultancy division is specifically geared to quench your thirst for the most sought after commodity i.e. Human Resources. However, we stand apart from the rest in this field in the aspect for its outlook towards work. Though our activities are diverse, they all have one thing in common, 'Quality'. This is one of the many benefits you can derive when you deal with us.

Our Key area of focus is the recruitment and placement of skilled and expert personnel for the Industrial, Commercial, Service, as well as Government Sectors. The Protocol for selection is based on years of interactive experience & service with a varied range of clientele. Depending on the requirements and expectations of the client, we pride ourselves on our emphasis in balancing these two factors, so as to cater precisely to the needs in question.

In keeping with the fast changing trend, the operations are professionally run by highly qualified and motivated personnel through a wide network of offices in India and abroad. Our long-standing association and continuity of business with a majority of clients is the reflections of their trust in us for providing the right candidate for the right job at the right time. Hope the above and the contents of the pages in this profile will give you details of our organisation. Should you need further information please feel free to contact us.

Thanking you and looking forward to have a favourable reply from your end, I conclude.

Your sincerely,

**Babu Parakkot**  
(Managing Director)

BPTT has excellent ground experience in handling large project recruitment assignments with the necessary infrastructure and resources at our disposal. We would be assigning a special administrative & technical team to process each client's requirement. As one of the biggest human resources solution provider in India, BPTT can recruit high quality talent through its wide network of offices across the country.

### Data Bank

BPTT has a computerized data bank comprising a wide range of Cv's from various levels. The use of special software enables short-listing of a candidate based on various objective criteria and selection is completed only after necessary testing and subjective evaluation. BPTT methodologies include specialised selection team for choosing personnel from diverse Industries.

### Client Satisfaction

BPTT has excellent relation with Consulates, Airlines and local authorities. This ensures a quick completion of formalities and mobilization. The team of highly qualified, courteous, experienced and professional multi-lingual staff working to ensure complete client satisfaction.

### Affidavit and Responsibility

We always guarantee only the best available recruitments and also make arrangement of repatriation and replacement of recruitee if found unsuitable or below the level of required standard within a probation period.

We hope this will give you an opportunity to assess our company's status and its ability in performance. We will highly appreciate any query from you for recruitment from India and we assure you of our best attention and services at all times.

With best wishes and regards,
